HISTORICAL ACCOUNT

OF THE

ORIGIN AND PROGRESS

OF

The Middlesex Hospital.

THE MIDDLESEX HOSPITAL was instituted in Origin. the month of August, 1745, for Sick and Lame Patients; and in 1747 a Ward was opened for the reception of Lying-in Married Women.

The Hospital consisted, at first, of a building in Windmill Street, Tottenham Court Road, but this being found incommodious and inadequate, some of the most active Promoters of the Charity proposed to build, by Subscriptions among the Nobility, Gentry, and others, a new and commodious Hospital in the neighbourhood. A convenient site presented itself in the "*Mary-le-Bone Fields*," as they were then called, and a lease of the same having been obtained from CHARLES BERNERS, Esq., for the term of 999 years, at a Ground Rent of £15 per annum, the building was commenced after the design of J. PAINE, Esq., Architect. The Right Honourable HUGH, then EARL, after-

wards DUKE OF NORTHUMBERLAND, to whose unwearied exertions and personal influence the accomplishment of this great object is principally to be ascribed, laid the first stone of the present structure, with the customary solemnities, on the 15th May 1755. To the Noble House of PERCY The Middlesex Hospital has ever since been largely indebted for the most Liberal Patronage and Munificent Donations.

Hospital
Buildings.

A few years after the completion of the Building in Marylebone Fields a temporary addition was erected on the Eastern side, but the BUILDING OF THE WINGS was not complete till the year 1775, after which no further addition was made to The Middlesex Hospital until 1834, although during that period two of the most extensive parishes in the Metropolis had grown up about it. In consequence, the accommodation for In-Patients had become quite disproportionate to the number of applicants, and great difficulty was found in arranging them, particularly when cases occurred requiring more complete seclusion than could be obtained in the general Wards.

Trusting to the liberality which had hitherto supported the Institution, the Governors, in April 1834, deemed it expedient to remedy these deficiencies, by extending each Wing of the Hospital thirty feet towards the street. The alterations thus proposed were most satisfactorily accomplished, and the appearance of the Hospital much improved; and the whole was paid for by subscriptions raised for that specific purpose, without at all trenching upon the funds of the Hospital.

After a lapse of more than a century from its foundation, it was found that, notwithstanding the various

alterations and additions, the Building was both too small to afford relief to the increasing number of applicants, and was also deficient in many of those appliances which had been introduced into other Hospitals for promoting the comfort and welfare of the Patients.

Considering it their duty to remedy these deficiencies, the Governors, in the year 1848, determined on effecting extensive and costly improvements.

Amongst other things the Ventilation was rendered more efficient; a Laundry was established, by which great additional comfort was obtained and a saving of expense secured; Fireproof Staircases were introduced throughout the Building; the different offices were rendered more commodious; New Rooms were provided for the Superior Nurses; and, above all, accommodation was afforded for 55 additional Patients; so that the number of Beds was raised from 230 to 285 (which number has subsequently been raised to 321 by the addition of a Ward for Diseases Peculiar to Women, 4 Special Wards, and a Children's Ward).

The improvements effected in the Ventilation have been so marked as to call for more than a passing reference. Erysipelas, and other serious diseases to which the sick are liable in all places where many are collected together, had been very prevalent previously to the alterations; but, principally in consequence of the free circulation of air in the passages and offices leading to the Wards, the Ventilation was rendered so efficient that these diseases (which are the great sources of mortality after operations) almost disappeared.

This circumstance alone must be productive of the deepest gratification and thankfulness; for it is, indeed, a sad reflection that in too many cases Patients, who

have entered a Hospital for the cure perhaps of some trifling ailment, have been doomed to perish within its walls, the victims of preventible disease, contracted in the very place established for their benefit and relief.

Although the diseases thus referred to have occasionally reappeared, their prevalence has never been so great as in former years; whilst, by a method of treatment which was subsequently originated by Mr. DE MORGAN, one of the Surgeons of the Hospital, the liability to them was still further reduced. The outbreak and spread of Fevers within the Wards have likewise become comparatively rare.

The Governors were enabled, at the same time, under the direction of the Will of the late LADY MURRAY, to open the "MURRAY WARD," as a memorial to her deceased husband.

Actuated by compassionate feelings towards a class of Patients much to be pitied for their neglected condition, the Governors also opened a Ward for the reception of cases of Diseases Peculiar to Women; such, for example, as those which from time to time occur during or after confinement, and which, unless attended to with a care that can rarely be afforded in their own homes, reduce the sufferers to a state entirely unfitting them for the active duties of life, not unfrequently bringing them to a premature grave.

The arrangements are complete for the reception of other forms of disease, and accidents of all kinds; and every endeavour has been made by which the welfare and recovery of the Patients, and the requisite comfort of those who have to wait upon them, can be ensured.

In the year 1878 new buildings were completed abutting on Charles and Cleveland Streets. These com-

prised two special Wards, each subdivided into two parts holding two beds each. These Wards were named "BENTINCK" and "DE MORGAN" Wards; the former after a munificent Benefactress, Miss A. H. CAVENDISH BENTINCK, and the latter after the eminent Physician of that name. There were also considerable enlargements of the Nurses' Home, and accommodation was provided for the Registrars and other Officers on the ground floor of the East Wing. The Hydraulic Lift was completed in the following year, which greatly facilitated the carrying of Patients to and from the Operating Theatre, and proved of great service in the general work of the Hospital.

In 1883 a salutary change was made in the substitution of teak for soft wood flooring in four Surgical Wards. This costly improvement was made on the initiative of Mr. GEORGE LAWSON, into whose hands a large sum of money had been entrusted by the Executors of the late JOHN BIZO, Esq. The alteration was found so eminently successful, that subsequently the Governors undertook the flooring of all the Wards with the same material, the heavy expense incurred being amply counterbalanced by the immense gain in cleanliness, non-absorbency, and endurance.

In 1884 were completed new extensions of the Eastern Wing, comprising the Out-Patient Department and other offices, at a cost of £17,500. The opening ceremony took place on the 17th of December, when T.R.H. THE PRINCE and PRINCESS CHRISTIAN, THE LORD LIEUTENANT OF THE COUNTY, THE LORD MAYOR OF LONDON, and many influential Governors were present. HER ROYAL HIGHNESS made an inspection of the old buildings, and was graciously pleased to allow a Ward

to be named "HELENA" in commemoration of her visit.

A noteworthy feature in the new buildings was the installation, at the end of the corridor, of a Refreshment Bar, where Out-Patients who were awaiting their turn could be served with non-alcoholic drinks and other light refreshment at a moderate charge.

In the following year several much-needed minor improvements were made. The court-yard was repaved with asphalt, and thus the noise occasioned by the vehicular traffic over the rough stones was materially decreased. An Electric Apparatus was fitted in a room on the ground floor, and placed in the charge of one of the Assistant Physicians. The seal was affixed to an agreement by which the houses in Cleveland Street, from the Nurses' Home to Union Street, were placed at the disposal of the Hospital on the expiration of the existing lease. No further important changes were made till the year 1890, when the Electric Light was introduced experimentally into one of the Wards and Secretary's Office, with such satisfactory results that in 1891 the instalment was extended to other parts of the Building, and in 1892 it completely superseded gas for illuminating purposes, though the latter is still employed in the Kitchen and Wards for cooking.

In the year 1889 the Mortuary was removed from under the roof of the main building to a convenient site in the western portion of the garden.

In 1890 a Crematorium was built under the Mortuary for the destruction of dressings, etc., and has proved of the greatest service in the cause of sanitation and cleanliness.

In 1892 the houses in Cleveland Street, adjoining

the Trained Nurses' Institute, of which the lease had not reverted to the Hospital, were taken over at a yearly rent and converted into a Home for Wardmaids and other Servants of the Hospital.

After the establishment of the Medical School in 1835 it was thought desirable to move the Operating Theatre to the ground floor, and for this purpose a position was chosen near the Accident Ward, and an improved Theatre was erected. This continued in use till 1894, when it was demolished, and a new and more spacious Theatre was erected on the most approved principles. This Building comprises a large Theatre capable of seating about 130 Students, a small Theatre for special operations, and rooms for the administration of Anæsthetics and for the recovery of Patients; all very effectively lit by Electric Light and ventilated by a special apparatus in the basement. An entirely new set of Instruments and Appliances was provided, and no effort was spared to render the Theatre one of the most convenient and best equipped of its kind.

Thus the Buildings have expanded little by little, from the Duke of Northumberland's foundation in 1755, keeping pace with the increase of population, till they stand at the present day in the midst of a densely crowded neighbourhood, occupying a compact rectangular section, enclosing a neat and cheerful garden, which affords both a pleasant out-look from the windows of the Wards, and also a shady retreat where the Patients and Nurses can enjoy fresh air and change of scene, without quitting the Hospital premises.

Towards the close of the past century causes, not now very distinctly known, interrupted the favourable progress of The Middlesex Hospital; many Annual

Temporary
Depression.

Governors discontinued their subscriptions, the Hospital became involved in debt, many of the Wards were shut up, and all was gloom and discouragement.

French
Refugees.

But even at this time the Spirit of Charity may be said to have presided over the Hospital; some of the Wards, no longer open to the Sick and Lame, nor to the Lying-in Women, were required, on a sudden and calamitous emergency, to give refuge to the helpless and distressed. The Revolution in France drove to England a number of emigrants, and of these many were FRENCH CLERGYMEN, in a state of utter destitution. The Western Wing of the Hospital was made a receptacle for a large body of the Sick French Clergy and Lay Emigrants, and for several years they here enjoyed Freedom from Persecution. When, after a long interval of exile, permission was at length given them to return to their own country, those who survived availed themselves of the privilege and took their departure, expressing great and lasting gratitude for the quietude and comforts they had enjoyed.

Revival.

The merit of having retrieved the Establishment from almost complete ruin is pre-eminently due to the late LORD ROBERT SEYMOUR, whose memory must always be dear to The Middlesex Hospital. With a most earnest desire to see it resume its former useful position, he interested himself in its behalf, and by his personal influence prevailed on a great number of the Nobility, Clergy, and Gentry to join in the good cause. He it was who obtained for the Hospital the Patronage of the PRINCE REGENT, afterwards KING GEORGE THE FOURTH, whose example was followed by his late Majesty KING WILLIAM THE FOURTH. Our

present gracious QUEEN has likewise condescended to declare herself the PATRON of The Middlesex Hospital, and to assist it with her annual bounty.

Very early in the history of the Hospital it appeared that an institution always open to Patients suffering under painful and appalling Accidents, or labouring under fevers and other malignant Diseases, was in many respects a less advantageous place for the reception of LYING-IN WOMEN than had been expected; but this branch of the Charity was so consonant to the best feelings of the Governors, especially of the Ladies, who had always taken a very warm interest in The Middlesex Hospital, as to occasion great unwillingness to give up the Lying-in Wards. At length, however, partly owing to the inconvenience experienced, and partly from the want of funds, it became necessary to close these Wards; and since the year 1807 the MIDWIFERY PATIENTS, instead of being admitted to the Hospital, have been attended at their own homes, under the superintendence of the Physician-Accoucheur, or (as he is now styled) the Obstetric Physician. Upon the whole, this arrangement has proved more beneficial, both to the Lying-in Patients and to the Hospital, than the former plan.

Midwifery
Patients.

In the year 1884 a suggestion was made by the Obstetric Physician that the employment of Midwives should be dispensed with, and that all Maternity cases should be attended by Students under proper supervision. This scheme was carried into effect, and these cases are now entrusted to students, designated Extern Clerks, under the supervision of the qualified Medical Officers of the Department.

This branch of the Charity has so greatly increased,

that attendance was given during 1895 to 1,216 poor women during confinement.

Cancer
Wards.

In the year 1792 a most humane and charitable Benefactor, whose name, at his earnest desire, was concealed, fitted up a Ward for the admission of PATIENTS AFFLICTED WITH CANCER, and settled the Interest of £4,000 Three per Cent. Consolidated Bank-Annuities for ever, by way of endowment, in aid of the Cancer Establishment. The death of SAMUEL WHITBREAD, Esq. (1796), made known the secret that he was the munificent Benefactor whose name had been so far concealed. Since his death the Cancer Fund has been augmented by other Donations and Bequests, and especially by a Legacy bequeathed by Mrs. ALITHEA MARIA STAFFORD; and in the year 1854 by a bequest of SIR JOSEPH DE COURCY LAFFAN, Bart.

These endowments enabled the Governors to appropriate three Wards, viz., "WHITBREAD," "STAFFORD," and "LAFFAN," exclusively to Females suffering from Cancer, besides providing accommodation for men suffering from the same disease.

This Charity is distinct in itself, and perhaps unique throughout the world. Here the victims of this almost hopeless malady find a permanent refuge, where everything that human skill and kindness can effect is provided for the cure of their disease, or at least for the alleviation of their sufferings.

The Founders of the Cancer Establishment, actuated by a wise benevolence, determined that this refuge should be permanent, by directing that the Patients might remain until "relieved by art, or released by

death." No one who has interested himself in the unhappy lot of the Patients in these Wards, being thirty-five in number, can have failed to observe how greatly their mental suffering is mitigated by the knowledge that they have here offered to them, if they so desire it, a peaceful and permanent refuge for the remainder of their existence. In it they are exempted from the anxious cares of providing for the daily wants of life, as well as from the sad necessity of repeated solicitations for another and another refuge, as the term for which they can be received into other Hospitals from time to time approaches to its close.

In the year 1886 the question, which had long been engaging the attention of the Governors, how to provide accommodation for the Male Cancer Patients, was solved by the appropriation of "HANDEL WARD" to the purpose. This Ward was entirely remodelled and renamed. A partition was made so as to give space for nine beds and to provide a sitting-room in which these Patients might spend the daytime and enjoy the privilege of smoking.

A large bow-window was opened in the north wall, overlooking the garden, which gave the room a bright and home-like appearance. It had long been a wish that a ward should be called after the eminent Physician Dr. E. H. GREENHOW, and finally that gentleman's scruples were overcome and the double ward was named "GREENHOW WARD."

It has been thought that the Female Cancer Establishment might with advantage be moved from its present position to a separate building entirely devoted to the treatment of that disease. The removal of these incurable cases from under the roof of the Hospital

would be for their benefit in respect of health, comfort, and convenience, while the space thus set free would be available for other purposes. In 1893 Mr. C. H. BERNERS generously offered a seventy years' lease of some property in Nassau and Union Streets adjacent to the Hospital at a low rental, and it was decided to accept the offer and to utilize the site for the erection of a block of Female Cancer Wards.

A Festival Dinner was held in 1894 under the special patronage of H.M. THE QUEEN, at which H.R.H. THE PRINCE OF WALES presided, and was supported by numerous Governors and Friends of the Hospital. His Royal Highness made a strong appeal on behalf of the Special Fund for building a New Wing, with the result that over £9,300 has been subscribed.

Samaritan
Fund.

In the year 1812 a SAMARITAN FUND was proposed by RICHARD CARTWRIGHT, Esq., one of the Surgeons, and this Fund has since been established upon an enlarged and permanent basis. Its objects are to afford temporary assistance to poor convalescent Patients, whose residence in the Hospital is no longer necessary, but who still require Medical Aid as Out-Patients; to forward poor Patients, especially cripples, to their homes; to supply Flannel, Linen, or other necessities to those whose diseased condition may require such comforts; and for other charitable purposes.

The Samaritan Fund is altogether a distinct and separate Fund, no part of the Donations or Subscriptions for the maintenance of the Hospital being applicable to it; it is not distributed indiscriminately to all applicants, but the assistance granted is voted by the Weekly Board, on the application of the Chaplain,

either from his own knowledge that the Patient is deserving and necessitous, or on the recommendation of one of the Physicians, Surgeons, or Visiting Governors.

Since the year of its foundation the work of the Samaritan Fund has steadily increased, and no deviation has been made from the original benevolent intentions of the Founders, except that the assistance given to convalescent Patients, instead of being confined to mere pecuniary support, granted to those who were able to attend the Out-Patient Department, has developed into a system of taking such necessitous persons from their own homes, too frequently unhealthy and depressing, to the fresh air and pleasant surroundings of a Home in the country. It is in fact chiefly to this truly "Samaritan" branch of the work that special attention has of late years been paid, and a number of Patients has been annually distributed, according to the means at the disposal of the Fund, to Convalescent Homes at Margate, Eastbourne, and elsewhere. In the year 1893 the Trustees of the Convalescent Home at Swanley allotted twenty beds for the use of the Patients of this Hospital, and this generous act relieved the Fund of considerable expense for subscriptions to other Homes.

As early as 1877 the Board took the first steps toward securing premises for the erection of a Convalescent Home which should be entirely devoted to the Patients of this Hospital.

There had long been a desire to have such a Home, where not only Patients who were thoroughly convalescent, and therefore suitable for Convalescent Homes of the ordinary kind, but also Surgical Patients before and after operation, and Medical Patients not

strictly convalescent, could be sent, and could remain under medical treatment and nursing. The site then contemplated was one offered at Hemel Hempstead, but after an inspection by members of the Staff it was decided that the great need for London convalescents was the bracing air of the sea, and that a Home built for The Middlesex Hospital Patients should be located on the sea-coast.

In the years immediately following the preliminary consideration of the project, the receipts of the Fund were so poor, in spite of appeals made by the Weekly Board, that there were no means for expenditure other than that for the supply of clothing, etc., to necessitous Patients, and the journeys to their respective homes; so the scheme of building a Convalescent Home had to fall into abeyance.

A gift received in 1884 formed a pleasing relief in a melancholy period of the annals of the Fund. In that year Mr. GEORGE STURGE, in addition to a gift of £3,000 to the General Funds, presented Stock of the value of £1,000 to the Samaritan Fund on the condition that "this Fund shall be kept entirely separate from the General Funds of the Hospital, and that the income shall be paid to, or applied for, such In-Patients as may be necessitous, and within three months from their discharge from the Hospital, and for the purpose of their having necessary nourishment or change of air." Mr. STURGE added that he hoped that this Fund might be made known, and that others might be induced to subscribe to it. In 1892 the Fund was still in a languishing condition, and it was then ordered that the proceeds of the Alms Boxes within the Hospital should be applied to its support.

In the year 1891 Mr. W. DEBENHAM, a member of the Weekly Board, generously offered the sum of £500 towards the erection of a Convalescent Home, whereupon a Committee was appointed to reconsider the project, which was now destined to be carried into effect. The Committee inspected various sites in different parts of the country, but it was not till 1893 that their choice was made in favour of Clacton-on-Sea, a popular resort on the Essex coast. This flourishing watering-place seemed to possess all the qualifications needed for the building of a Home and the laying out of a suitable garden. Accordingly a freehold site of five acres was purchased in December 1893 for £1,500. Before the completion of the purchase was announced the Hospital became the recipient of a munificent bequest, which put at rest any doubts that may have been entertained as to the wisdom of incurring the increased expenditure which would be entailed by the erection and maintenance of a Convalescent Home, without an assurance that the Funds would be forthcoming to meet it. On the 4th of March 1895 the will was proved of the late HENRY SPICER, Esq., who devised one-sixth of his residuary estate in trust for the benefit of the Samaritan Fund, "to be applied for the relief and comfort of poor and needy Patients, but not for the general purposes of the Hospital, and in no case to be expended in religious teaching or religious observances." The sum received from this Legacy now amounts to £20,323 6s. 8d., and is vested in Trustees appointed by the Weekly Board of the Hospital.

After the receipt of this benefaction no further time was lost, and a contract was shortly entered into for the erection of a suitable building from designs by Mr. K.

D. YOUNG, the Architect to the Hospital, to provide accommodation for about sixty convalescents, and to be ready for occupation this year.

Out-Patient
Department.

In addition to the extensions of premises already referred to, it may be mentioned that in 1859 the deficiency of accommodation for the growing number of OUT-PATIENTS induced the Governors to take advantage of an offer of the lease of premises in Charles Street, adjoining the existing Out-Patient Department. The pressure of these cases has continued to increase, and it has been found necessary since then to take another adjoining house, and thus to increase the space and to improve the ventilation.

In view of the ever-increasing number of Out-Patients applying for treatment, in the year 1873 the question was considered how far these Out-Patients ought to receive gratuitous treatment; but the opinion of the Solicitors that the Act of Incorporation of the Hospital (hereafter referred to) precluded any payment, however small, prevented any change in the system. It had been found that well-to-do persons were in the habit of using the Out-Patient Department for the benefit of their domestic servants, without subscribing to the Hospital Funds, but there were no means of directly refusing treatment to such cases, as it could not be maintained that the Patients themselves were not fit objects for charity. It was, therefore, decided to continue the practice of ministering to the needs of all such applicants, trusting to the liberality of the many Supporters of the Hospital to maintain its revenue.

In 1875, however, the Governors attempted, through the medium of the Charity Organization Society, to

initiate a scheme of personal enquiry into the position of Applicants, but they did not arrive at any satisfactory result. At that time the number of Out-Patients was 23,000; since then the Buildings have been greatly enlarged, and the number of Patients considerably increased, but no steps have been taken to restrict the benefits of the Charity to indigent persons. Its doors are open to all who seek relief from sickness or injury. By the fact of their application, they are held to assert their inability to pay for Medical and Nursing Treatment.

Cases of DISEASES IN CHILDREN had, until the year 1888, been under the care of the Assistant Obstetric Physician, but the growth of the work in the Obstetric Department caused his time to be fully taken up in attending Women Patients, the consequence being that the children were relegated to the care of the Obstetric House Physician. It seemed undesirable that this state of things should continue, both for the sake of the Patients, and also in the interest of the Students, who were thus deprived of tuition in a most important branch of medical practice. A special department was therefore formed, and placed under the charge of a Fourth Assistant Physician, who was added to the Staff for the purpose. In the year 1895, 4,264 cases were treated in this Department.

Children's
Ward.

In the year 1891 an "Old Student" was instrumental in obtaining the sum of 1000 guineas towards the cost of such alterations as would allow of a Special Ward being opened for Children; and it was decided to transfer certain of the Resident Officers to the Residential College which had recently been erected, and to utilize the space thereby obtained for a Children's Ward. In

the following year the Ward was opened, and was subsequently, by permission of H.R.H. THE DUCHESS OF YORK, named "PRINCESS MAY WARD." It contains eight Medical and five Surgical Cots for the treatment of Infants of both sexes.

The
Charter of
Incorporation.

The disadvantage of not possessing a CHARTER or ACT OF INCORPORATION had on several occasions been experienced, and it was therefore suggested that application should be made to Parliament to obviate this inconvenience. In the year 1836 facilities for obtaining this desirable character of legal perpetuity were afforded, by the circumstance of Mr. WILLIAM TOOKE, the Honorary Solicitor of the Hospital, being then Member of Parliament for Truro, and he, with great readiness and liberality, undertook the task of conducting through Parliament an Act of Incorporation. His kind endeavours were successful; and, on the 30th of March 1836, "THE PRESIDENT, VICE-PRESIDENTS, TREASURERS, AND GOVERNORS OF THE MIDDLESEX HOSPITAL" were declared by Act of Parliament to be one body politic and corporate, and by that name to have perpetual succession and a common seal, with such other privileges as are usually granted under similar circumstances. *And they are enabled, without incurring the penalties or forfeitures of the Statutes of Mortmain, to hold and retain the Hospital and Premises for the residue of a term of 999 years, created by a lease under which the Hospital premises are held; and, by will, gift, purchase, or otherwise, to obtain, acquire, hold and retain, as well the inheritance in fee-simple of the said Hospital and premises, as also any other lands either in fee or for terms for life or years, so as not to exceed*

(exclusive of the Hospital and money invested in mortgage) the clear YEARLY value of £10,000.

The Hospital is also authorized, by will, gift, purchase, or otherwise, to obtain, acquire, hold, and retain any monies and personal estate secured on mortgage or charged on land.

The power to hold land has been of great service to this Institution, and in the year 1890 a bequest, which had been withheld by the Executors under the impression that the Hospital was debarred by Statute of Mortmain from receiving it, was fully recovered with the interest accrued thereon.

Besides the several PHILANTHROPIC PERSONS Benefactors. whose names occur in various connections in the foregoing pages, mention should not be omitted of the many Donors who from time to time have contributed large sums to the funds of the Hospital. Of such are the Rev. F. JACOX, and LUDWIG NEUMANN, Esq., both of whom have endowed Beds in the Hospital, LORD ROBERT SEYMOUR, the DUKE OF NORTHUMBERLAND, the MARQUIS OF WESTMINSTER, "D. T. S.," Rev. E. R. JODRELL, SIR R. WALLACE, "A Suffolk Rector," "T. W. R.," SIR ELLIOTT LEES, Bart., M.P., W. H. JOHNSON, Esq., BARON HIRSCH, JOHN MAPLE, Esq., and several anonymous Donors who have given sums of £1,000 and upwards.

HER GRACIOUS MAJESTY THE QUEEN has throughout the whole of her reign contributed yearly the sum of One Hundred Guineas.

There are many others whose Contributions may have been smaller, but whose names are recorded in the REGISTER OF BENEFACTIONS, though, for want of space, their generous actions cannot be chronicled at

length in these pages; and there are also many who, though not making any great contribution directly to the Funds, have no less contributed most materially to the welfare of this Institution by exerting themselves in various ways in its behalf: of such are JOSEPH W. THRUPP, Esq., SIR E. SCOTT, RUTHVEN PYM, Esq., who successively for long periods filled the responsible office of Treasurer to the Hospital, and also MICHAEL SMITH, Esq., MAJOR ROSS, LORD SANDHURST, and others who have held the Chairmanship of the Weekly Board.

Amongst the noteworthy LEGACIES may be cited those of Miss MARY EASON, who gave or bequeathed the magnificent sum of £78,672; FRANCIS BRODERIP, Esq., J. F. PIKE SCRIVENER, Esq., MRS. ISABELLA CHANDLESS, and LADY MURRAY, who each gave sums of Ten Thousand Pounds and upwards, and very many others who bequeathed amounts varying from Ten to Ten Thousand Pounds.

A glance at the yearly Accounts will shew how important a part these and other pious Bequests have had in the maintenance of the revenues of the Hospital; in fact, but for them the scale of its operations must have been much reduced.

In the year 1894, for instance, the amount received by Bequest was over £15,000, being nearly equal to that received from all other sources during the year.

Entertain-
ments in
Aid of the
Hospital.

To assist in defraying the expenses occasioned by the enlargement and improvements of the Hospital, CONCERTS and other ENTERTAINMENTS have from time to time been given in Aid of the Funds of the Charity, which have been supported by distinguished patronage and by marked liberality. In 1757 we find

a record of Mr. DAVID GARRICK having given the Hospital the proceeds of an Entertainment at his Theatre, and in 1791 a contribution of £1,000 was made by the Directors of the Sacred Concerts in Westminster Abbey. To LORD ROBERT SEYMOUR the Hospital is greatly indebted for the success of the Concert at the King's Theatre, in the year 1808, which produced, after all expenses were paid, the sum of £2,498, and thus enabled the Hospital to get rid of a large accumulation of debt. In the year 1854 a performance of Mendelssohn's "Elijah," at Exeter Hall, produced the sum of £1,517; and in 1858 the St. James's Hall was opened by Concerts in aid of this Charity, under the patronage of HER MAJESTY and the PRINCE CONSORT, which produced a clear profit of £1,185. Since that time the Hospital has continually received substantial aid from Musical and Dramatical Societies, which have generously devoted the proceeds of their Entertainments to the funds of the Hospital. Amongst the more recent may be mentioned the annual contribution from the Employés of Messrs. MARSHALL AND SNELGROVE, whose donations had reached in 1895 the total of £714 2s. 10d. In 1887 a most successful Concert was held at the Albert Hall, under the direction of SIR ARTHUR SULLIVAN, at which the CROWN PRINCE OF GERMANY and a large number of the Nobility and Gentry were present, and which realized over £500.

We may now turn our attention to a department by which a Hospital confers a special boon on Society; namely, to that by which it affords the means of education in the profession of Medicine. Medical School.

In the evidence given before the House of Commons'

Committee (1834) on Medical Education, it was stated that the only lectures given at the Hospital were Clinical Lectures, which were delivered every week during the Medical Session to the pupils of the Hospital. In the year 1833 there were as many as 64 Medical and 73 Surgical Pupils, the numbers having risen since the foundation of the University of London (now University College) in 1828, to which at that time no hospital was attached.

In the summer of 1835 the Governors, encouraged by the success that had attended their efforts to enlarge and improve the Hospital, entertained the question of the establishment of a MEDICAL SCHOOL in connection with the Hospital. The Hospital requires a succession of Pupils, who should be educated and trained under the observation of the Physicians and Surgeons of the Institution; and Medical Attendants who have thus acquired a practical knowledge of their profession are undoubtedly the most competent to take charge of individuals and large communities. It was therefore resolved, at a Quarterly Court in May 1835, that a School should be erected by Subscription. By July the amount was such as to encourage the Governors to commence the buildings, which, under the superintendence of GEORGE BASEVI, Esq., the Architect, were completed by the 1st of October, when the Medical Session began.

Through the influence of Mr. MICHAEL SMITH, Chairman of the Weekly Board, two Scholarships were founded and named "BRODERIP SCHOLARSHIPS" in memory of the munificent Benefactor Mr. FRANCIS BRODERIP, in whose honour the Male Accident Ward was also named "BRODERIP WARD."

In 1873 the "MURRAY SCHOLARSHIPS" were founded in memory of Dr. JOHN MURRAY, who had died at the early age of 29. All who were privileged to know Dr. MURRAY recognized in him a man of genius and of the most untiring zeal. He would doubtless have become one of the brightest ornaments of his profession. By means of the Scholarship his memory has been perpetuated as an abiding incentive to diligent labour and conscientious discharge of duty on the part of those who should thereafter pursue their studies at this Hospital, to the service of which he devoted his short but valuable life.

In the years 1875 and 1880 loans were made by the Hospital for the building of a new Lecture Theatre, and other improvements. In 1884 Dr. HETLEY presented a Clinical Prize of £25 per annum, for the purpose of stimulating the Students to efficiency in the Wards of the Hospital.

Since the year 1885 a Foundation Scholarship has been awarded annually to a pupil of the Medical Benevolent College at Epsom. The Scholarship was named the "FREER LUCAS SCHOLARSHIP" in 1893 to perpetuate the memory of WILLIAM FREER LUCAS, the first to obtain it, who died of diphtheria contracted during the discharge of his duties in the Hospital.

A Gold Medal, value £5 5s., founded in memory of the late ROBERT WISHART LYELL (died 1882), Assistant Surgeon to the Hospital, is awarded annually.

On the Hospital acquiring the Lease of the Houses in Cleveland Street in 1885, the opportunity was seized for extending the Medical School. The Medical Authorities had long been of opinion that, if the School was to keep pace with the progress of similar Institu-

tions, more accommodation should be provided for the prosecution of the various studies. The Board of Governors, looking upon the interests of the School as intimately bound up with those of the Hospital, concurred in this view, and advanced a further loan to enable the School to erect a new Lecture Theatre, Library, Laboratory, and other Offices.

The Museum was enlarged in 1848, and again in 1860; and in 1884 its valuable contents were catalogued by Dr. FOWLER and Mr. SUTTON, at a total cost of £250, towards which, the Museum being the property of the Hospital, the Governors made a grant of £100.

Residential
College.

At the same time was carried into effect an idea which had long been contemplated by the Authorities both of the Hospital and School. On a site rented from the Hospital, adjacent to the School, was erected by private enterprise a RESIDENTIAL COLLEGE for the accommodation of Students. Although the Hospital accepted no liability in the undertaking, yet, as the Shares were largely taken up by Members of the Staff, the College may fitly be mentioned in a narrative dealing with the Hospital.

The College itself is an imposing red-brick Building overlooking the garden, with accommodation for thirty Students, and was designed by Mr. K. D. YOUNG, Architect to the Hospital. When the Resident Officers were deprived of their quarters in the Hospital, to make way for the new Children's Ward, they were transferred to rooms in the College, which were connected with the main Building by a system of electric bells, and subsequently by telephone, so that the Officers could be summoned as readily as if they were residing in the

Hospital. Accommodation is also provided in the College for the Chaplain, who is *ex officio* its Warden, and for the Students attending Maternity cases at the Patients' homes.

In 1879 the Laws of the Hospital were remodelled and moulded in their present form by a Committee under the able guidance of Mr. W. F. LARKINS. As regards the control over the Expenditure and the keeping of the Accounts, the Board of Governors have always exercised a rigorous supervision. From time to time the MANAGEMENT has been the subject of favourable criticism from outside persons. In the year 1874 SIR SYDNEY WATERLOW, at a Meeting of the Council of the Metropolitan Hospital Sunday Fund (whose timely aid has often enabled the Hospital to meet the yearly expenditure without trenching on capital), mentioned this Institution as one of the best managed in London.

In the year 1892 the office of Steward was abolished, the duties previously discharged by that functionary being committed into the direct charge of the Secretary-Superintendent, whose staff was reinforced by the additional appointment of another Clerk.

In the year 1892 a change was made in the system of keeping the Accounts in accordance with a form drawn up by the Committee of Hospital Secretaries, with a view to introduce a uniformity of system in all Hospitals. Another change was made in the abolition of the office of Collector, and the appointment of a Collecting Clerk under the direct supervision of the Secretary-Superintendent.

An important question in regard to the diet of Patients was raised by Mr. GEORGE STURGE in the year

1885. That gentleman, whose name will ever be remembered in connection with this Institution for his generous benefactions, as well as for the genuine interest which in other ways he evinced in its welfare, drew attention to the success which had attended the efforts of other charities in the reduction of expenditure on wines, spirits, and beer; at the same time expressing his regret that similar results had not been obtained at other Hospitals, including The Middlesex. The Board at once instituted an investigation into the question of consumption of alcoholic liquors, and were able to give Mr. STURGE a far from unsatisfactory answer, shewing a steady decrease in the expenditure under this head in the previous ten years. The cost per Patient (exclusive of the Cancer Patients) was found to be 1s. 10d., a figure which compared very favourably with the results for other large Hospitals. Wines and spirits are regarded as articles of medicine, and are issued as such by the Dispenser, only upon written order of the Medical Authority, a record being kept of such issues and returned weekly both to the Board of Governors and to the Medical Committee.

Nursing
Staff.

About the year 1872 considerable difficulty was experienced in procuring NURSES, and in retaining their services when trained. The general Public were awaking to the immense importance of skilful nursing, as well as of medical treatment; and consequently there was much inducement for those who had passed a few years at a Hospital to leave it, and join some association for providing private persons with Nurses, and thereby emancipate themselves from the restraint and discipline which are essential to the well-being of a

large Institution. With a view to improve the position of the Nurses, and to offer more inducement to them to give the Hospital the benefit of their mature experience, it was decided to devote the fees paid by the Lady Probationers to the formation of a Fund from which pensions and gratuities should be granted to such of the Nursing Staff as should have completed certain fixed terms of satisfactory service. Later on considerable improvements were made in the Nurses' quarters, and in the year 1878 the new buildings in Cleveland Street were opened, containing six additional bedrooms for Lady Probationers and eight for Nurses, and also a new day room, tastefully furnished at the expense of Miss CAVENDISH BENTINCK, a well-known Benefactress of the Hospital.

Another use made of the Lady Probationer Fee Fund was the institution of Lectures to the Nurses, by Members of the Medical Staff, which have continued with signal success to the present day, Certificates being granted to such Nurses as have attended the Course of Lectures.

In 1886 a new departure was taken, which has been thoroughly justified by its results. The tendency on the part of Nurses to attach themselves to Nursing Institutions, rather than continue in the service of the Hospital, led the Governors to consider whether such an Institution could not be founded in direct communication with this Hospital. A building was accordingly erected adjoining the Nurses' Home, and was opened in the following year as an Institution for supplying Nurses, who should have been thoroughly trained in the Hospital, to the general Public. From that time forward the Institute has been a signal success,

amply repaying the expenses incurred on its behalf; providing as it does for the requirements of sick persons of more or less affluent circumstances, by whom the Nurses' services are greatly appreciated, and affording to the Nurses (after five, or in some cases three years' training) a comfortable home and remunerative occupation for their years of activity, and an assured pension in old age.

The Management and Finances of the Trained Nurses' Institute are entirely under the control of the Governors, and a table of Income and Expenditure is published annually with the Hospital Accounts.

In the year 1892 an arrangement was made, at the suggestion of the Lady-Superintendent, by which Lady Probationers who had shewn exceptional promise were enabled, at the completion of their term of training, to enter the service of the Hospital as Staff Nurses.

In the year 1893 the Nursing Committee examined carefully the question of the Nurses' dietary, and, as a result of their report, some improvements were made in the meals and in the refreshment provided for the Night Nurses.

Religious
Ministra-
tion.

The benefits which the Founders and Supporters of The Middlesex Hospital designed to confer would be incomplete were the Charity confined to the mitigation of the bodily suffering of the inmates. Their spiritual wants are not to be neglected; and the duty of furthering this important object is committed to a CHAPLAIN, a Clergyman of the Church of England, in Priest's orders, whose daily care it is to direct and assist the devout aspirations of those who are convalescent, and to administer to others that consolation by which the

weariness and depression of protracted sickness are best supported, and the bitterness of death assuaged.

From the earliest date Divine Service has been held in the Wards and elsewhere, but a few years ago a movement was started towards providing a special building to be dedicated solely to the service of Worship. The prime mover in the realization of this laudable intention was Mr. GEORGE LAWSON, who in 1882 generously guaranteed the expense of erecting a suitable Building. His offer was thankfully accepted, but considerable difficulty was experienced in finding a site which should not encroach upon the garden.

The consideration of this question presented a favourable opportunity for instituting a reform, the need for which had been long felt. Frequently attention had been called to the grave objections arising from the Post-Mortem Room being located under the roof of the general Hospital, and the importance of its removal was generally admitted.

The plan which suggested itself was to build a joint Post-Mortem Room and Mortuary on the site of the old Mortuary, and to utilize the space thus set free for the erection of the Chapel.

Such a course would involve considerable outlay above that required for the building of the Chapel itself, and while the Board were deliberating whether they would be justified in embarking on such a costly scheme, a most opportune and unlooked-for gift removed the financial difficulty. Miss LEICESTER, a Governor, announced her intention of presenting the munificent sum of £1,500 for the erection of a Chapel.

The sum previously subscribed was therefore, with the consent of the Donors, utilized for the preparation

of the site and the building of the new Post-Mortem Room and Mortuary in memory of the late Chairman MAJOR ROSS. This was completed in November 1889 (at a total cost of £3,000), under the supervision of Mr. K. D. YOUNG, the Architect, who made a gift of his professional services as a tribute to the memory of MAJOR ROSS.

The Chapel itself was completed in 1891 from designs prepared by Mr. J. L. PEARSON, R.A., and has been universally admired for its internal beauty, while the outside, being entirely veiled from view by the adjacent buildings, is of red brick of an unpretending character. Miss LEICESTER added to her generosity by contributing an Altar-rail and Pulpit, designed by the same eminent artist, while the cost of the mural decorations was defrayed out of the Ross Memorial Fund, and a tablet commemorating the life of that Officer adorns the marble dado on the west wall. Three stained-glass windows have been erected, of which two are dedicated to the memory of Mr. BERNARD LAWSON and Mr. TEMPLE FRERE, formerly of this Hospital.

Patients who are not members of the Church of England are visited by their own Spiritual Advisers, who are afforded every facility for ministering to the members of their Communion. A Roman Catholic Priest attached to the Church of St. Charles in Ogle Street and a Sister of Mercy attend regularly to console and instruct such Catholics as may be undergoing treatment in the Wards.

BOARD ROOM, 1896.

THE MIDDLESEX HOSPITAL.

REPORT FOR 1900.

To the Governors of The Middlesex Hospital.

LADIES AND GENTLEMEN,

In submitting to you their usual Annual Report, the Weekly Board desire in the first place to express their deep sense of the great loss which the nation has sustained by the death of Her Gracious Majesty QUEEN VICTORIA.

Death of
Her Majesty
Queen
Victoria,
Patron of the
Hospital.

Her late Majesty was the Patron of the Hospital throughout the whole of Her Illustrious Reign, and a large Annual Subscription and many presents have borne witness to Her kindly beneficence.

A Special Court of Governors was held on the 4th instant, His Grace The Duke of Northumberland, K.G., President of the Hospital, in the Chair, at which it was resolved to present to His Majesty THE KING a humble Address, recording the gratitude of the Institution to our late Sovereign for the many marks of Her Royal favour, expressing our deep sympathy and sorrow at His Majesty's bereavement, and offering to His Majesty our respectful congratulations on His accession to the Throne.

Turning to the consideration of the immediate work of the Hospital, the Weekly Board beg to call your attention to a new departure in the Report due to the removal of the Female Cancer Patients to the New Wing erected for their accommodation, in consequence of which they have decided upon separating the statistics and accounts relative to all the Cancer Patients and to the Cancer Investigation Department from those of the general side of the Hospital ; and a General Table relating to the Cancer Patients is for the first time appended to the Annual Report.

Accounts
and
Statistics
separated.

Numbers of
Patients.

The In-Patients in all Departments numbered 3,758, and the Out-Patients 48,911, making a total of 52,669 ; as compared with 53,428 in 1899, when the numbers greatly exceeded the previous maximum.

There has been a slight increase in the number of In-Patients, and the diminution is entirely in the Out-Patient Department.

Average
cost of
Patients.

The average weekly cost for each In-Patient was £1 18s. 0 $\frac{3}{4}$ d., and for each Out-Patient 1s. 4 $\frac{3}{4}$ d., and the cost of each occupied bed for the year was £87 2s. 8 $\frac{1}{2}$ d.

Average
stay of
Patients.

The "average stay" in Hospital has been, in the case of Medical Patients 28·69 days, Surgical Patients 24·3 days, and Cancer Patients 89 days.

Owing to the separation of the Statistics and Accounts of the Cancer Department no comparison is possible in the figures with those of former years, when the Cancer were included among the Surgical Patients ; and the same observation applies to the "index-number," which is found by multiplying the number of Medical and Surgical In-Patients by their respective "average stay" and adding the results. For the year 1900 the "index-number" thus obtained is 93,723.

Of the Convalescent Patients 715 received additional relief at the Home at Clacton-on-Sea.

Convalescent Home Patients.

From the accounts of Income and Expenditure under General Account (shewn separately from the corresponding figures for the Cancer and Cancer Investigation Funds), it will be seen that the total income has amounted to £31,279 16s. 2d., and the total expenditure to £34,322 4s. 7d., shewing a deficit of £3,042 8s. 5d.

Expenditure exceeds Income.

The "Income" side of the account, however, includes two sums, amounting together to £2,050, which have been specially contributed to the Permanent Endowment Fund, and are not therefore available for Current Expenses, and the excess of Expenditure over Income which has to be provided for is thus raised to £5,092 8s. 5d.

No comparison is made with the corresponding totals of the accounts for 1899, because these were drawn up so as to include the figures relating to the Cancer Funds, but it is interesting to note the differences in the detailed items for the two years.

The Weekly Board regret to observe that the amount of Annual Subscriptions has but very slightly increased, namely, from £3,024 11s. in 1899 to £3,088 10s. 6d. in 1900, and that the item Donations is practically stationary, £3,023 13s. 2d. as against £2,979 9s. The receipts from alms-boxes have, however, risen from £265 2s. 2d. to £312 12s. The award from the Hospital Sunday Fund was £2,012 10s., which, though less by £175 than in the previous year, was the largest but one made by the Distribution Committee, and it is gratifying to note that the Council continue to recognize the work of the Convalescent Home. The grant from the Hospital Saturday Fund was

Ordinary Income.

£404 12s., while the usual subscription of £1,000 has been received from the Prince of Wales's Hospital Fund, with an additional £250 referred to below under "Extraordinary Income," and £100 for the Convalescent Home.

The Weekly Board desire specially to thank the Guardians of Lord Howard de Walden for continuing on behalf of his Lordship the Annual Subscription of £100 contributed for so many years by his grandmother, the late Lady Howard de Walden.

In order to consolidate all their charitable contributions to Hospitals into one annual subscription to the Prince of Wales's Fund, the Worshipful Company of Drapers have decided to discontinue the annual subscription of £52 10s., which the Hospital has for many years gratefully received from them. It is to be hoped that this Hospital will not ultimately be prejudiced by the withdrawal.

Donations.

Among donations to the General Funds, mention may be made of a further £500 from the Trustees of Smith's (Kensington Estate) Charity; £250 from "F. H."; a further £210 from the Corporation of the City of London; a third instalment of £100 from the Worshipful Company of Skinners; a further £100 from the Worshipful Company of Grocers; and £100 each from Miss Adelina B. Walpole in memory of Anna E. Walpole, and from Colonel Mitchell and family in grateful recognition of the treatment accorded to the Mother Superior of the Sisters of the Ascension.

The Hospital is also indebted for gifts of £40, the proceeds of the annual dance given by the Students of the Medical School, and 151 fully-paid £5 shares in The Middlesex Hospital Residential College Company, Limited, including 50 from Stephen Taprell Holland, Esq., 25 from

Sir Lionel Pilkington, Bart., 22 from Dr. Robert Liveing, and 20 from the Executors of the late R. J. Winter, Esq.

The Weekly Board record with gratitude the gift of cast ^{Gifts.} linen and game, which for many years has been annually contributed by our gracious Patron Her late Majesty.

The Duke of Fife, K.T., and many other Governors have sent presents of game, and Mrs. Cottrell-Dormer her usual kindly gift of 200 flannel jackets for the use of the patients. Messrs. W. and G. Buszard have again gratuitously supplied cakes to the Out-Patient Refreshment Bar, and other Donors have contributed numerous articles of food, clothing, and recreation, together with flowers, pictures, and books, all of which are thankfully acknowledged by the Board.

The largest contribution from alms-boxes, £21 10s. 6d., ^{Alms Boxes.} came from the establishment of Messrs. E. Penton and Sons, through Mr. E. W. Buxton, and the Hospital is once more indebted to the employés of Messrs. Peter Robinson, Limited, for the proceeds of their annual entertainment.

Under the item of Invested Property, it will be observed that the return from the dividends on the stocks standing to the credit of the General Funds of the Hospital has fallen from £4,352 17s. 5d. in 1899 to £4,118 3s. 2d., owing to the realization of capital to make good the deficit arising on the accounts of the former year. Rents now stand at £1,542 15s., as against £2,038 3s. 6d., but this reduction is apparent only, being due to a readjustment of the accounts between the Hospital and its various affiliated institutions, and the corresponding item on the credit side will be seen to have been similarly affected. ^{Interest from Investments.}

The total receipts from "Extraordinary Income" have ^{Extraordinary Income.} amounted to £15,507 13s. 6d., of which £2,050 are due

to Special Donations, and £250 to a Special Grant from the Prince of Wales's Hospital Fund, which has been made upon conditions that are now receiving the careful consideration of the Board and the Medical Committee. The Balance was derived from Legacies, which include, among other generous bequests, the sum of £6,574 12s. 8d., the residue of the estate of Mrs. Matilda Sopwith, £2,500 under the will of Mrs. C. L. Armitage, and a further £1,028 6s. from the estate of Miss Mary Eason.

“David E.
Hughes’
Hospital
Trust”
Fund.

In this connection, the Weekly Board desire most gratefully to record the munificence of the late Professor David Hughes, F.R.S., who has bequeathed the residue of his large estate to form a fund called the “David E. Hughes’ Hospital Trust,” to be held as to one-fourth thereof for the benefit of The Middlesex Hospital, with the object of making a substantial addition to its permanent endowment. The full benefit of this gift will not, however, be enjoyed until twenty-one years after the death of the testator.

Endow-
ments.

The Special Donations are £1,050 for the permanent endowment of a bed in memory of “Emily Lomax Moore,” and £1,000 from Sir Theodore Martin to endow a bed in memory of “Helena Faucit, Lady Martin.”

Ordinary
Expendi-
ture.

The total “Ordinary Expenditure,” under the heading of General Account, has amounted to £28,925 14s. 2d.

There has been a considerable rise in the price of Provisions, and the outlay upon this item was £7,112 19s.

The cost of Surgery and Dispensary was £2,887 15s. 8d. Some slight economy has been effected in the use of the Electric Light, but the expenditure under “Domestic,” which amounted in all to £6,158 14s. 6d., has been considerably enhanced by the abnormal prices of coal and gas.

Establishment Charges have involved an outlay of £2,116 16s. 5*d.* Advantage was taken of the temporary vacancy of the Wards during the removal of the Cancer Patients to the New Wing to carry out the extra cleaning, which was not due till 1901, and has necessitated an expenditure of £934 14s.

On the other hand, there has been a slight saving in Ordinary Repairs.

The item "Rent" now appears at £1,093 15s. 6*d.* for the reasons indicated above.

Salaries, Wages, etc., amounted to £7,487 9s. 4*d.*, and Miscellaneous Expenses to £1,362 11s. 1*d.*

The Administration has been carried on at a cost of £1,741 16s.

In arriving at the ratio of Expenses of Management to Total Ordinary Expenditure, which is the generally recognized test of efficiency, it is necessary to take into consideration the accounts of the Cancer Fund, which include a merely nominal charge for management. Upon this basis, the figures shew the ratio to be less than 5 per cent., although a greater number of Patients have been treated and the Ordinary Expenditure has increased, and although no account is taken of the Convalescent Patients receiving benefits from the Samaritan Fund and Convalescent Home.

The sum of £1,036 3s. 4*d.* is deducted from the total shewn under "Ordinary Expenditure" in respect of the nine Male Cancer Patients who still remain in the main building, and is charged under the separate accounts of the Cancer Fund.

The "Extraordinary Expenditure" comprises large items: for repairs to the lead-work and slating of the roofs

Adminis-
trative
Expenses.

Cost of Male
Cancer
Patients.

Extraordin-
ary Expen-
diture.

£663 4s. 9d.; for alterations and repairs to soil-pipes £367 15s.; and for works consequent on the removal of the Female Cancer Patients to the New Wing £705 12s. 7d. The rearrangement of the hot-water system and the engineers' fees for services rendered in connection with the various schemes which have been under consideration during the past year have amounted together to £659 18s. 1d.

The contribution to the Samaritan Fund, intended for the maintenance of the Convalescent Home at Clacton-on-Sea, has increased from £2,350 to £3,000.

Cancer Fund
Income.

The accounts of the Cancer Fund, which are for the first time made out separately, shew a total "Ordinary Income" of £3,761 1s. 4d., made up of £546 12s. 6d. from Annual Subscriptions, £1,464 19s. from Donations, including £315 from Miss Palmer-Lovell to endow a bed during her lifetime, £250 from The Worshipful Company of Goldsmiths, £200 from "G. K. E.," and £100 each from "Anonymous" and the Rev. H. N. Le Bas, and £1,749 9s. 10d. from Dividends and Interest. The "Extraordinary Income" includes a munificent legacy of £2,000 under the will of the late John Stevens, Esq., and two donations of £1,050 each from Miss Wicksteed and the family of the late Frederick Davis, Esq., to endow beds in memory of the late Miss Katherine Wicksteed and of Frederick and Eliza Davis respectively.

Endow-
ments in
Cancer
Wing.

Cancer Fund
Expendi-
ture.

The total "Ordinary Expenditure" has amounted to £5,152 18s. 10d., and the "Extraordinary" to £257 1s. The expenditure is distributed over similar charges to those occurring in the General Account, and there are no previous statistics with which it can be compared, but it is satisfactory to note that the Management has cost only £84 15s. 8d.

The expense of carrying on the Cancer Investigation Department has been almost defrayed out of donations, which included an anonymous gift of £100, and annual subscriptions received during the year; and of the £1,605 13s. contributed in 1899, £1,407 13s. 11d. still remains in hand.

Expense of
Cancer In-
vestigation
Department

The total "Ordinary Income" of the Samaritan Fund and Convalescent Home was £1,084 3s. 5d., which is practically the same as in 1899. There has been a regrettable falling off in Annual Subscriptions and Donations, which has, however, been counterbalanced by Incidental Receipts. The grant from the Prince of Wales's Hospital Fund remains at £100.

Samaritan
Fund
Income.

The total "Ordinary Expenditure" has slightly risen, to £3,848 3s. 7d. The increase is partly attributable to the enhanced price of provisions and coal, and partly to the liberal diet necessarily provided for Patients undergoing the "Open-air" treatment for Tuberculosis. The charges for Establishment and for Salaries, Wages, etc., shew a substantial decrease. The "Extraordinary Expenditure" of £260 for a storage battery has been occasioned by defects in the original installation of the electric light plant. The deficit has been met by the usual contribution from the General Funds of the Hospital.

Samaritan
Fund Ex-
penditure.

The accounts of the Lady Probationer Fee Fund and Trained Nurses' Institute exhibit a similar result to those of the previous year, the balance transferred to capital being £1,024 9s. 10d. The Nurses' Earnings have slightly diminished, but the Lady Probationers' Fees shew a further increase. The expenditure on Nurses' Commission has risen to £600 9s. from the coming into operation of the increased

Lady Pro-
bationer
Fee Fund
Account.

scale, but there has been a considerable saving in the other items on the credit side of the account.

Bill for
exemption
from local
rates.

Your Board have cordially agreed to do all in their power to support the Bill drafted by the Central Hospital Council for London for the exemption of Hospitals from local rates, which is to be presented to Parliament during the present Session.

Death of
Mr. George
Howard.

The Weekly Board regret to announce the death of Mr. George Howard, formerly Honorary Auditor to the Hospital.

Chaplain—
Resignation
of Mr.
Deighton.
Appoint-
ment of
Mr. Gunson.

The Rev. W. G. Deighton has resigned the office of Chaplain after eight years' faithful service, and the Rev. Herbert E. Gunson, M.A., has been appointed in his place for a period of two years, at the expiration of which he will, under the new Regulations, be eligible for re-election for another year.

The following changes have taken place in the Hospital Staff and in the Medical School:—

Dr. W. Pasteur in
charge of
"Princess
May" Ward,
Dr. H. Campbell
Thomson
Assistant-
Physician.

Dr. William Pasteur has been given charge for five years of the Medical Beds in "Princess May" Ward, and Dr. H. Campbell Thomson, the Pathologist and Curator, has been elected an Assistant-Physician.

Appoint-
ments in
Medical
School.

Dr. Pasteur has also become Lecturer on Medicine, and his former position as Lecturer on Practical Medicine is now filled by Dr. Walter Essex Wynter, with whom will be associated two Assistant-Physicians as Assistants. Dr. H. Campbell Thomson succeeds Dr. Wynter as Medical Tutor. Mr. A. Pearce Gould has been appointed a Lecturer on Surgery; Mr. John Murray succeeds Mr. Gould as Lecturer on Practical Surgery and Teacher of Operative Surgery; Mr. T. H. Kellock becomes Tutor in Surgery; and Mr. Leslie

Milburn Demonstrator in Bacteriology and Assistant to the Bacteriologist.

Dr. A. M. Kellas (M.D., B.Sc., Ph.D.) has been appointed Lecturer on Chemistry in the place of the late Dr. R. T. Plimpton, and Dr. Peter Thompson (M.D., Ch.B. (Vict.), of The Owens College, Manchester) Lecturer on Anatomy in the place of Dr. Arthur Robinson, who has been elected to a Professorship at King's College.

The Weekly Board have to record with deep regret the death of Mr. Storer Bennett, F.R.C.S., on the 19th July last. Death of Mr. Storer Bennett. Mr. Bennett had a distinguished career in the Medical School and in the Hospital, with which he had been connected for nearly twenty years, first as Assistant Dental Surgeon, and afterwards as Dental Surgeon and Lecturer in the School, and having resigned office shortly before his death, he was appointed Consulting Dental Surgeon.

A memorial window to him has been erected in the Chapel, subscribed for by his colleagues and friends. Memorial Window.

Mr. William Hern, F.R.C.S., formerly Assistant Dental Surgeon, has been elected Dental Surgeon, and Mr. Walter Salmon Nowell, M.A., F.R.C.S., a former Student, Assistant Dental Surgeon to the Hospital. Mr. W. Hern Dental Surgeon, Mr. W. S. Nowell Assistant Dental Surgeon.

Mr. S. B. Hulke has resigned the office of Surgical Registrar owing to his continued absence in South Africa, and is succeeded by Mr. Aslett Baldwin, F.R.C.S., who had been acting as substitute. Dr. G. H. A. Comyns Berkeley, B.A., M.B. (Cantab), M.R.C.P. (Lond.), M.R.C.S. (Eng.), has been appointed to the newly-created office of Obstetric Registrar.

Dr. J. C. Thorowgood has retired from the Drug Committee after twenty-eight years' valuable service to the Hospital.

Changes in
Nursing
Staff.

The Board regret to have to record the death of Miss Hall, late Sister of "Founder" Ward. She retired from the Nursing Staff in order to join the Army Nursing Reserve, and succumbed to enteric fever at Bloemfontein. Miss Froude, formerly Night Superintendent Nurse in the Cancer Wing, and Miss Bertha Bates have been promoted to be Sisters of "Founder" Ward and "Murray" Ward respectively.

Miss Zoé Brown, Home Sister at Clacton-on-Sea, who has during the past year been acting as Matron, has been promoted to be Matron of the Cancer Wing, in the place of Miss B. C. Davis resigned.

Miss Morgan, on returning from South Africa, has resumed her duties as Matron of the Convalescent Home.

Medical
School.

The Medical School continues to work satisfactorily in conjunction with the Hospital, and the increase in the number of General Students' entries has been maintained. The Winter Session was inaugurated on the 1st October by an Introductory Address from Professor Clifford Allbutt of the University of Cambridge, who also distributed the prizes.

Scholar-
ships and
Prizes.

The first "Broderip Scholarship" for the year was awarded to Mr. F. D. Blandy, and the second to Mr. W. P. Panckridge. Mr. Blandy likewise gained the "Governors' Prize" and the "Hetley Prize." Mr. T. W. Scott won the "Leopold Hudson Prize," and Mr. R. F. C. Ward the "Lyell Medal."

Degrees and
Diplomas.

The following Degrees and Diplomas have been gained by Students of the Hospital during the year 1900 :—

M.D. Cambridge . . .	2
M.B. Cambridge . . .	2
M.D. London . . .	1
M.S. London . . .	1

M.B., B.S. Durham . . .	1
M.D. Brussels . . .	1
M.B. London . . .	3
F.R.C.S. . . .	2
M.R.C.S., L.R.C.P. . .	25
D.P.H. London . . .	1
L.S.A. . . .	6
L.D.S. Eng. . . .	15

The Cancer Research Laboratories, the foundation of which was referred to in the last Annual Report, have been in working order since last March. The work is surrounded with great difficulties, and immediate results are not to be expected. Much useful preliminary work has, however, been done already, and the investigation is being thoroughly carried out. The Board have authorized the publication of special "Cancer Laboratory Reports," in which the progress made will be recorded, and in which the results obtained in the laboratories will be detailed, and thus rendered available for the use of medical men in general. The first of these Reports will be issued during the current year.

Since your Board some two years ago took the initiative in the foundation of Cancer Research Laboratories, similar steps have been taken in other countries, and systematic investigation into the causation of cancer is now being carried out in Germany, under the direct auspices of the State, and in America by such bodies as The Cancer Commission of Harvard University, which has started on its work amply endowed by private munificence. It cannot be doubted that tangible benefit to humanity will accrue from such concurrent work in the same direction.

Since The Middlesex Hospital is able to claim the honour of having occupied the foremost position in this movement, your Board are confident that the help which is being afforded abroad, either by the State itself or by private benevolence, will not be denied to our own Cancer Research Laboratories, and that funds will be forthcoming so that the undertaking may not be crippled by any want of the means for carrying it out in the most thorough manner possible.

Convalescent Home.

The Convalescent Home at Clacton-on-Sea has received during the year:—

259 Men.

327 Women (including 18 of the Nursing Staff).

129 Children.

Total 715

This number is rather less than in the previous year, the reduction being due to the retention in the Home of Male Patients undergoing the “Open-air” treatment for Tuberculosis, whose cure involves a stay of about six months.

“Open-air” treatment.

The Board are anxious that this most useful adjunct to the Hospital should afford relief to as large a number as possible of convalescents, but at the same time they are so satisfied with the success of the “Open-air” treatment that they have resolved to continue to set aside a limited number of beds for the purpose.

The Board desire specially to thank Mr. Lowry for writing an article under the title of “The Valley of the Shadow,” which, by the kindness of the Editor, was published in the “Morning Post.” The work in the New

Cancer Wards was most pathetically described, and the appeal thus circulated has met with no slight response.

The Staff of the Nursing Institute continues to give complete satisfaction, and these Nurses have fully deserved the increase in their scale of commission. A pension has been awarded to Miss Hobley, who retires after twenty-one years' active service.

It is in contemplation to utilize the site of the three old houses in Cleveland Street for the provision of further Nurses' accommodation, and the plans have already been prepared, but it is not intended to carry them out until the extension of the North-east Wing over the end of "Bird" Ward has been completed.

This extension will, as the Court has been previously informed, afford additional space to "Helena" and "Seymour" Wards, and will also enable the kitchen offices to be transferred to the third floor, where they will occupy the space now taken up by "Hawkins" and "Prudhoe" Wards and their offices, as well as the additional space gained by building over the extension to "Bird" Ward.

It has been decided to retain the old Cancer Wards, and for the time being your Board have, with the concurrence of the Medical Committee, devoted two of these Wards containing eighteen beds to the treatment of Gynæcological cases, and the old "Prudhoe" Ward has now been closed.

The Board are still in search of a convenient site for the erection of the new Laundry, and have not yet been able to settle upon a scheme for centralizing the Boiler and Engineering Departments.

It has been decided to acquire No. 5 Nassau Street, which adjoins the New Cancer Wing, and a lease of the

premises for $93\frac{1}{2}$ years, commencing at Christmas 1904 at a rent of £50 per annum, has been accepted from the Trustees of the Berners Estate.

In conclusion, the Weekly Board desire to point out the great discrepancy between the necessary expenditure of the Hospital and the income from annual subscriptions and investments, upon which alone they are entitled to rely, and they would urge upon all classes of society the necessity of contributing to the beneficent work which the Institution undertakes. They invite the careful attention of the Governors to the mode in which they have administered the Funds under their control, and venture to hope that the charitable public will approve of the manner in which the affairs of the Hospital have been conducted during the past year.

We have the honour to be,

Ladies and Gentlemen,

Your most obedient humble Servants,

RALPH THOMPSON, *Chairman.*

FRANCIS HOARE,

G. J. MARJORIBANKS,

WALTER ROTHSCHILD,

} *Treasurers.*

BOARD ROOM, THE MIDDLESEX HOSPITAL,
22nd February, 1901.

GOVERNMENT OF THE HOSPITAL.

THE Government of the Hospital is conducted by a Weekly Board, which meets in the Board Room every Friday, at 11.30 A.M.

A Quarterly General Court is held on the last Thursday of the months of February, May, August, and November.

A Special General Court may be called at any time, either by order of a Quarterly General Court or of a Weekly Board, or on a written notice signed by two of the Treasurers, or by any five Governors.

The Quarterly or Special Courts alone can appoint Boards and Standing Committees, but the Weekly Board may appoint Sub-Committees for occasional purposes.

The Patron, President, Vice-Presidents, and Treasurers are Members of all Boards and Committees, except such as are made select.

QUALIFICATIONS

OF

Governors, Subscribers, and Contributors :

THEIR RIGHTS, PRIVILEGES, AND POWER OF RECOMMENDING
PATIENTS.

1. That every Subscriber of Three Guineas or more annually be a Governor of this Hospital, so long as such Subscription shall be continued; and that every Subscriber of Thirty Guineas or upwards at one time be a Governor for life.

2. That every Subscriber of One Hundred Pounds or upwards at one time, or of Ten Guineas or more annually, be entitled to recommend twenty-five patients yearly.

3. That every Subscriber of Fifty Pounds and less than One Hundred Pounds at one time, or of Five Guineas and less than Ten Guineas annually, be entitled to recommend fifteen patients yearly, three of whom may be Lying-in married women.

4. That every Subscriber of Thirty Guineas and less than Fifty Pounds at one time, or of Three Guineas and less than Five Guineas annually, be entitled to recommend nine patients yearly, two of whom may be Lying-in married women.

5. That every Donor of Twenty Guineas, or smaller sums which may together equal that amount in the course of the current year, and every Subscriber of Two Guineas and less than Three Guineas annually, be entitled to recommend four patients yearly; and that Donors of less than Twenty Guineas be entitled to receive Letters of Recommendation available for three years at the discretion of the Weekly Board.

6. That no Subscriber have more than one patient in the Hospital (exclusive of any patient in the Cancer Ward) at the same time.

7. That every Subscriber of Thirty Guineas or upwards, at any one time, to the particular Establishment for Patients afflicted with Cancer, or to the Medical School, be a Governor for Life.

8. That the Annual Subscriptions be paid in advance for the current year, such year to be computed from the quarter-day next preceding the Subscription; and that no Subscriber in arrear be entitled to any privilege till his or her Subscription be paid.

9. That the Patron, President, Vice-Presidents, besides the power of recommending patients as before limited, have likewise the right to attend, and to debate, and vote at every Court, Board, and Committee.

10. That every Governor have the privilege of visiting the Wards and other departments of the Hospital in the presence of any of the Physicians or Surgeons, Resident Medical Officer, House-Surgeon, Chaplain, Visiting Governors, or Secretary-Superintendent.

11. That no Resident Salaried Officer, House-Surgeon, Pupil, or Servant of this Hospital, becoming a Governor, have any privilege as such during his exercise of those functions, except that of recommending patients.

12. That no Salaried Officer, House-Surgeon, Pupil, or Servant of this Hospital, becoming a Governor, attend any Court, Board, or Committee, till after the expiration of one year from the time of his ceasing to be Officer, House-Surgeon, Pupil, or Servant.

13. That no Annual Governor have the right to debate or vote at a General Court, nor shall any Annual Governor vote at any election, or upon any question relating thereto, unless his or her Subscription shall have been paid THREE CALENDAR MONTHS previously to the day of such election or question as aforesaid; but that Life Governors be at once entitled to every privilege of the Hospital.

14. That no Governor whose Subscription is in arrear vote at any election, or upon any question relating thereto.

15. That no Governor debate or vote on any point wherein he is personally interested.

16. That every Lady, being a Governor, may, except as provided by Clause 13, vote at all elections by Proxy, provided that such Proxy specify her place of abode, and the name of the Candidate for whom her vote is given; provided also, that it be dated and signed by herself after the vacancy has been duly declared, and that it be presented to the Chairman by a Governor.

HONORARY GOVERNORS.

1. That the propriety of making Honorary Governors be always referred by the Weekly Board to the consideration of a Quarterly General Court.

2. That Honorary Governors have, from the day of their appointment, the same rights and privileges in all respects as Governors who have subscribed Thirty Guineas at one time.

3. That every Incumbent or other Minister who shall permit a collection to be made in his Church or Chapel, for the benefit of

the Hospital, shall be entitled to the privilege of recommending, for every £31 10s. so collected, Nine Patients annually during five years; *but in all cases where the Collection is less than £31 10s. the Incumbent or Minister shall be entitled to a set of Letters for Nine Patients for each sum of Six Guineas collected*; such sets of Letters to be issued for consecutive years. And every Clergyman or other Minister, not being the Incumbent, who shall preach for the benefit of the Hospital (the sum collected not being less than £31 10s.) shall be entitled to the privilege, during the year ensuing the day on which the collection was made, of recommending Five Patients.

4. That in cases of Bequests of Two Hundred Pounds, and under Five Hundred Pounds, one Executor only be recommended to be elected an Honorary Governor.

SUBSCRIPTIONS AND DONATIONS

Received by FRANCIS HOARE, Esq., 27 Cavendish Square, W., GEORGE JOHN MARJORIBANKS, Esq., 59 Strand, W.C., and The Hon. LIONEL WALTER ROTHSCHILD, M.P., New Court, St. Swithin's Lane, E.C., Treasurers; by the following Bankers:—Messrs. COUTTS and Co., Strand; Messrs. DRUMMOND and Co., Charing Cross; Messrs. HOARE and Co., Fleet Street; Messrs. BARCLAY and Co., Lombard Street; Messrs. HERRIES, FARQUHAR, and Co., St. James's Street; and Sir SAMUEL SCOTT, Bart., and Co., Branch of Parr's Banking Co., Cavendish Square;—by the SECRETARY-SUPERINTENDENT at the Hospital; and by Mr. C. H. MARCH, the Collecting Clerk.

**** The Middlesex Hospital is entitled by Act of Parliament to take by Will and to hold Real Property. For Forms of Devises by Will see page 55.**

**** A large quantity of Lint, Linen Rags, and Cloth for Rollers being required for the Surgical Patients, Ladies are respectfully requested to send to the Secretary-Superintendent of the Hospital such old Linen, Sheets, Table Cloths, etc., as are no longer used in their Families; Donations of this kind, however small in quantity, being always very valuable and useful presents to the Hospital.**

The following Forms of Devises of Real Estate, and Bequests of Personal Estate, are recommended to all benevolent Persons who wish to become Benefactors to this Charity, by Will:—

Form of a Devise of Real Estate.

I give and devise to “The President, Vice-Presidents, Treasurers, and Governors of The Middlesex Hospital,” all that messuage, etc. (here describe the Real Estate intended to be devised), to hold to them, their Successors, and Assigns for ever, for the purposes of the Institution called The Middlesex Hospital.

Form of a Bequest of an Annual Sum, payable out of Real Estate.

I give and devise to “The President, Vice-Presidents, Treasurers, and Governors of The Middlesex Hospital,” the clear Annuity, or Annual Sum of _____ payable Quarterly, on the _____ day of _____ the _____ day of _____ the _____ day of _____ and the _____ day of _____ in every year, free from all deductions and outgoings whatever to be issuing and payable out of, and charged upon, All that messuage, etc. (here describe the Real Estate charged), to hold the same to them, their Successors, and Assigns for ever, for the purposes of the Institution called The Middlesex Hospital, with the same remedies for the recovery of the said Annual Sum in case of non-payment as Landlords now have or may hereafter have for Rent in arrear, and with power, in case of non-payment, to enter on the same hereditaments and receive the issues and profits thereof until all arrears of the said Annual Sum and all expenses shall be paid.

Form of a Bequest of Money, Stock, or other Personal Estate.

I give and bequeath to “The President, Vice-Presidents, Treasurers, and Governors of The Middlesex Hospital,” for the purposes of that Institution, the sum of _____ (if of Stock, or other personal Estate, describe it).

Form of a Devise and Bequest of the Residue of Real and Personal Property.

I give, devise, and bequeath to “The President, Vice-Presidents, Treasurers, and Governors of The Middlesex Hospital,” All the residue and remainder of my Messuages, Lands, Tenements, Hereditaments, and Real Estate: And also all the rest, residue, and remainder of my goods, chattels, and personal estate and effects whatsoever and wheresoever not herein by me otherwise disposed of, to hold to them, their Successors, and Assigns for ever, for the purposes of that Institution.

CONVALESCENT HOME,

CLACTON-ON-SEA.

HONORARY MEDICAL OFFICER.

PERCY COLEMAN, Esq., Riemon Lodge, Carnarvon Road, Clacton-on-Sea.

MATRON.

MISS G. E. MORGAN.

RULES FOR THE ADMISSION OF PATIENTS.

Accidents and urgent cases are admitted night and day, without letters of recommendation.

Bearer of letters of recommendation must attend at the Hospital at TWELVE o'clock noon, on any week-day.

No letters of recommendation are required for the Out-Patient Department, which is free to all necessitous persons.

Lying-in Patients must attend on Wednesday and Saturday at 12 noon.

Medical Cases are seen by the Casualty Medical Officer every week-day at TEN o'clock, and attended :—On Monday and Thursday, at 1.30 p.m., by Dr. WETHERED; on Tuesday and Friday, at 1.30 p.m., by Dr. VOELCKER on Wednesday and Saturday, at 1.30 p.m., by Dr. WYNTER.

Male Surgical Cases are attended :—On Monday, at 1.30, by Mr. T. H. KELLOCK; on Friday, at 1.30, by Mr. MURRAY; on Wednesday and Saturday, at 9.30 a.m., by Mr. BLAND-SUTTON.

Female Surgical Cases are attended :—On Thursday, at 1.30, by Mr. T. H. KELLOCK; on Tuesday, at 1.30, by Mr. MURRAY; on Wednesday and Saturday, at 9.30 a.m., by Mr. BLAND-SUTTON.

Cancer Out-Patients are attended by Mr. GOULD, on Monday, at 2.30 p.m.

Diseases of Women are attended by Dr. BOXALL, on Monday, at 9 a.m., and Wednesday, at 1.30 p.m.

Diseases of Children under eight years of age are attended by Dr. H. CAMPBELL THOMSON, on Wednesday and Saturday, at 9 a.m.

Diseases of the Eye are attended by Mr. LANG, on Tuesday and Friday, at 9 a.m.

Diseases of the Skin are attended by Dr. J. J. PRINGLE, on Tuesday, at 4 p.m., and Thursday, at 9.30 a.m.

Diseases of the Ear and Throat are attended by Mr. STEPHEN PAGET, on Tuesday and Friday, at 9 a.m.

Diseases of the Teeth are attended by Mr. HERN, on Wednesday, at 9 a.m., and Friday, at 9.30 a.m.; and Mr. W. S. NOWELL, on Monday, at 9.30 a.m., and Wednesday, at 9 a.m.

The Electrical Department is under the charge of Dr. H. CAMPBELL THOMSON, who attends on Monday and Thursday, at 9.30 a.m.

In-Patients are expected to be provided with clean and decent clothing, and a change of linen. They also have to provide themselves with tea, sugar, butter, and washing.

No Sisters, Nurses, or Servants of the Hospital are allowed, under penalty of dismissal, to receive Money, or Presents of any kind, from a Patient on any pretence whatever.

The following Cases are not admitted into the Hospital :—

1. Those who are, upon due examination, deemed *Incurable*, as Advanced Consumption ;—

2. Those whose complaints are deemed likely to be so tedious of Cure as to preclude for a long time the admission of more urgent cases of Disease, as *Chronic Ulcers* of the Legs ;—

3. Those who have disorders, to the Cure of which other establishments are devoted, as *Persons of Unsound Mind, etc.* ;—

4. Those who, wanting Food and not Medicine, are *proper objects for Parochial Relief* ;—

5. Those whose admission might endanger the other patients, as persons suffering from *Infectious Diseases* ; and

6. Those whose complaints are likely to be aggravated rather than relieved by confinement within the walls of a Hospital. Such of these as are suitable cases may receive Advice and Medicine as *Out-Patients*.

Prior to sending up Patients from the Country, the Secretary-Superintendent should be applied to, in order to learn whether there is room, and such application should be accompanied by a medical certificate distinctly stating the nature of the case.

DAYS OF VISITS AND OPERATIONS.
IN-PATIENTS.

VISITING DAYS.	PHYSICIANS.	SURGEONS.	OPERATIONS.
Monday - -	Dr. CAYLEY. Dr. FOWLER.	Mr. CLARK.	Mr. MORRIS.

Saturday -	Mr. GOULD.

The Operating Hour is 1:30 P.M.

Regulations

OF THE

CANCER ESTABLISHMENT.

1. There is a separate wing containing three Wards of twelve Beds each and two special Wards of two Beds each for the admission of Female Patients afflicted with Cancer.
2. Nine beds are reserved for Male Patients afflicted with Cancer.
3. Out-Patients afflicted with Cancer can be specially attended and relieved with advice and medicine on Mondays at 2.30 P.M.
4. Persons afflicted with Cancer are admitted as In- or Out-Patients without letter of recommendation.
5. Persons are admitted as In-Patients who are afflicted with Cancer or Cancerous diseases *in such an advanced stage as to be deemed incurable*, and such cases may remain "UNTIL RELIEVED BY ART OR RELEASED BY DEATH," unless it be found necessary to discharge them for insubordination or mental derangement.
6. Patients to be admitted into these Wards should be decently clothed, have a change of raiment, and find security (if required) for a future supply, and for their removal if it be found necessary to discharge them.
7. In all cases Patients are admitted to the Hospital for a fortnight's observation to enable a complete diagnosis to be made previous to being permanently placed upon the Establishment.
8. No Pauper can be received from any Parish Institution without special application to the Weekly Board.
9. No Patient afflicted with Cancer and usually resident in the country can be admitted, unless previous application be made to know whether there be room.
10. The name of any Applicant declining to come into the Cancer Wards on receiving an intimation of a vacancy shall be removed from the Application Register, and no application for re-entry shall be entertained until after the expiration of three months.
11. Patients who have been once admitted and discharged are ineligible for re-admission except on special application to, and sanction by, the Weekly Board of the Hospital.
12. In conformity with the wishes of the original founder of this Establishment, a book is provided wherein the Surgeons shall enter respectively the names of their Patients, together with a general statement of their cases; and should any extraordinary circumstances occur in the progress of a case, or should any remedy be providentially discovered, a record shall be made thereof; and published for the benefit of society.
13. Any person making a donation of Thirty Guineas, or upwards, to this particular Establishment, shall be a Governor of this Hospital for life.
14. All benefactions exclusively to this Establishment shall be funded.

THE SAMARITAN AND CONVALESCENT HOME FUND.

For the following purposes:—

- I. For forwarding poor Patients to their homes.
- II. Sending to and maintaining at the Convalescent Home at Clacton-on-Sea, or other similar Institution, such In-Patients as the proper Medical Officer shall certify to be suitable cases.
- III. The purchase of Clothing, Flannel, Linen, or such other necessities as the condition of the Patient may require, including the whole or a portion of the cost of Trusses or other appliances.
- IV. The temporary assistance of poor Convalescent Patients requiring further medical aid on leaving the Hospital.

The Fund is dispensed under the following Regulations:—

- 1st. That the sole objects of this Charity shall be the In-Patients of the Hospital, recommended by or through any one of the Physicians, Surgeons, Chaplain, or Visiting Governors.
- 2nd. That such recommendation shall be presented to the Weekly Board, with whom shall rest the power of determining the merits of the Petitioners, and of distributing the Funds of the Charity, provided that one Subscriber to the Samaritan Fund be present.
- 3rd. That an Annual Subscription of £1 1s. do constitute a Member or Subscriber to this Fund; and that, in lieu thereof, the sum of £5 5s. be accepted as a Life Subscription; but that any sum will be thankfully received.
- 4th. That all Funds which now are, or may hereafter be, invested in the names of any Trustee or Trustees, or other person, for the benefit of the Samaritan Fund of this Hospital, shall, as soon as convenient, be transferred to, or vested, in the Corporation, as the Weekly Board may direct; but that the Accounts of this Fund be kept in books distinct from the other Accounts of the Hospital. And that a separate Account be also kept at the Bankers as to this Fund.
- 5th. That all legacies and donations to this Fund of £100 or upwards be added to the Capital Fund, so as to form a perpetual Fund for the future support of the Institution.
- 6th. That the disbursements on no account exceed the amount of dividends, of annual subscriptions, and donations under £100.
- 7th. That the Treasurers for the time being to the Hospital be the Treasurers to this Fund.

THE SAMARITAN FUND.

THE GEORGE STURGE TRUST.

In the year 1884, Mr. George Sturge, of Woodthorpe, Sydenham Hill Road, executed a Deed of Trust providing for the payment of certain sums of money to various Charitable and Philanthropic Institutions, and amongst others, The Middlesex Hospital, to which he devoted the munificent sum of £884* Railway Stock, representing one thousand pounds (£1000), under the following conditions, viz. :—

“ In giving the sum of £1000 for a Samaritan Fund for
 “ the above Hospital, Mr. Sturge gives it on the con-
 “ ditions that this Fund shall be kept entirely separate
 “ from the general funds of the Hospital, and that the
 “ income shall be paid to or applied for such In-patients
 “ as may be necessitous, and within three months from
 “ their discharge from the Hospital, and for the pur-
 “ pose of their having necessary nourishment or change
 “ of air.

“ Mr. Sturge hopes that this Fund may be made
 “ known, and that others may be induced to subscribe
 “ to it.”

* “£222 *Great Eastern Railway 5 Per Cent. Preference Stock, 1876,*
 £662 *Great Central Railway 4½ Per Cent. Rent Charge Stock; representing*
together £1000.”

LIST OF GOVERNORS.

**** Denote Life Governors (£200 and upwards).

*** Do. (£100 and under £200).

** Do. (£50 „ £100).

* Do. (30 guineas „ £50).

Donors of Twenty Guineas and under Thirty Guineas are marked D.

H. G. Honorary Governors.

Note.—Should the Names of any Governors be omitted in this List, they are respectfully assured it is accidental, and are requested to inform the Secretary.

REPORT OF THE MEDICAL REGISTRAR FOR THE YEAR 1900.

GENERAL TABLE OF PATIENTS UNDER TREATMENT IN THE MEDICAL WARDS DURING THE YEAR.

INCOMING.	Males.	Fem.	Total.	OUTGOING.	Males.	Fem.	Total.
Remained under treatment on Jan. 1, 1900	56	58	114	Discharged :—			
Admitted during the Year	694	713	1407	(a) Convalescent or Re- lieved	494	548	1042
Transferred from Surgical Wards	13	10	23	(b) Unrelieved	43	27	70
				(c) At own Request..	23	19	42
				Died	118	94	212
				Transferred to Surgical Wards	28	31	59
				Transferred to Cancer Wing	—	3	3
				Remained under Treatment on Jan. 1, 1901	57	59	116
GRAND TOTAL..	763	781	1544	GRAND TOTAL..	763	781	1544

The average rate of Admission was, per month, 119·16.; per week, 27·5; per day, 3·91.

The Mortality for the Year, calculated on the number of Patients Discharged, including those who Died, but not those remaining under Treatment on January 1, 1901, was 14·84 per cent.

The average daily stay of each Patient was 28·69 days.

R. A. YOUNG, M.D., B.Sc., M.R.C.P.,

Medical Registrar.

GENERAL TABLE OF PATIENTS UNDER SURGICAL TREATMENT DURING THE YEAR 1900.

INCOMING.	Males.	Fem.	Total.	OUTGOING.	Males.	Fem.	Total.
There remained in the Hospital on Jan. 1, 1900	78	80	158	Discharged :—			
There were Admitted during the Year :—				(a) Convalescent or Re- lieved	894	715	1609
General Surgical Cases	987	754	1741	(b) At own Request ..	21	12	33
Ophthalmic Cases ..	40	37	77	(c) Unrelieved	52	47	99
Transferred from				Transferred to Medical Wards	13	10	23
Medical Wards ..	28	30	58	Transferred to Cancer Department	16	32	48
				Died	65	28	93
				Remaining under Treat- ment on Jan. 1, 1901 ..	72	57	129
GRAND TOTAL..	1133	901	2034	GRAND TOTAL..	1133	901	2034

The average rate of Admission was, per month, 156·3 ; per week, 36·07 ; per day, 5·13.

The Mortality for the Year, reckoned on the number of Patients Discharged, including those who Died, was 4·8 per cent.

The average stay of each Patient was 24·3 days.

ASLETT BALDWIN, F.R.C.S.,

Surgical Registrar.

GENERAL TABLE OF PATIENTS UNDER TREATMENT IN THE
CANCER WARDS DURING THE YEAR 1900.

INCOMING.	Males.	Fem.	Total.	OUTGOING.	Males.	Fem.	Total.
Remained under Treat- ment on Jan. 1, 1900 ..	9	25	34	Discharged :—			
Admitted during the year	32	114	146	(a) At own Request ..	3	28	31
				(b) To Medical Ward..	0	1	1
				(c) Not having Cancer	0	3	3
				Died	30	72	102
				Remained under Treat- ment Jan. 1, 1901	8	35	43
GRAND TOTAL..	41	139	180	GRAND TOTAL..	41	139	180

The average rate of Admission was, per month, 12·165.

The average daily stay of each Patient was 89 days.

HAROLD CLIFFORD, M.B. (LOND.),

Cancer Registrar.

THE MEDICAL SCHOOL,

ESTABLISHED 1835, PURSUANT TO A RESOLUTION OF A QUARTERLY COURT HELD MAY 7, 1835. ENLARGED 1887. AMALGAMATED WITH THE HOSPITAL 1896.

THE Buildings and Premises, together with the Anatomical Museum and other appurtenances appropriated to the School, are the property of the Governors of the Hospital, and are under the same management and control as the Hospital.

COUNCIL, 1900-1901.

Chairman.

SIR ARTHUR TOWNLEY WATSON, BART., K.C.

Members nominated by the Weekly Board of the Hospital on the 21st September, 1900.

THE RIGHT HON. SIR RALPH THOMPSON, K.C.B.

G. J. MARJORIBANKS, Esq. (*Treasurer*).

HON. G. W. SPENCER LYTTTELTON, C.B.

W. E. GILLETT, Esq.

HORACE COCKERELL, Esq., C.S.I.

E. J. HUMPHERY, Esq.

Members elected by the Honorary Medical Staff on the 3rd October, 1900.

DR. WILLIAM CAYLEY.

DR. J. J. PRINGLE.

J. BLAND-SUTTON, Esq.

Members elected by Medical School Committee from amongst the Lecturers on the 3rd October, 1900.

ANDREW CLARK, Esq.

J. MURRAY, Esq.

DR. R. A. YOUNG.

The Dean of the Medical School.

DR. W. PASTEUR, 4 Chandos Street, W.

Secretary to the Council.

F. CLARE MELHADO, Esq.

THE LECTURES AND DEMONSTRATIONS IN THE SCHOOL

ARE GIVEN BY THE FOLLOWING GENTLEMEN.

Principles and Practice of Medicine ...	Dr. FOWLER and Dr. PASTEUR.
Practical Medicine	{ Dr. WYNTER, with Dr. VOELCKER and Dr. WETHERED.

Ophthalmic Surgery	Mr. WM. LANG.
Dermatology	Dr. J. J. PRINGLE.
Laryngology and Otology	Mr. STEPHEN PAGET.
Dental Surgery	Mr. W. HERN.
Tutor in Practical Pharmacy	Mr. E. A. FARDON.

<i>Dean of the School</i>	Dr. WILLIAM PASTEUR.
<i>Secretary to the School Committee</i>	Dr. W. ESSEX WYNTER.
<i>Curator of the Museum</i>	Dr. H. CAMPBELL THOMSON.
<i>Librarian of the School</i>	Mr. GEO. J. LONG.

THE MEDICAL SCHOOL.

TWO Casualty Medical and Two Casualty Surgical Officers, Six Resident House Surgeons, Six Resident House Physicians, and Two Resident Obstetric House Physicians are appointed annually from among the Students of the Hospital.

Two Open Entrance Scholarships of the value of £100 and £60 respectively, and a Scholarship of £60 open to Students of Oxford and Cambridge who have completed their Anatomical and Physiological Studies, are awarded at the commencement of the Winter Session. Exhibitions of Five and Ten Guineas are awarded at the end of the first and second Winter Sessions respectively for proficiency in Anatomy and Physiology. The Governors' Prize of Twenty Guineas, the Hetley Prize of £25, the Leopold Hudson Prize of Eleven Guineas, the Lyell Medal, value £5 5s., and a Five Guinea Prize for proficiency in Dermatology are awarded annually. Two Broderip Scholarships, of the value of £60 and £40 respectively, are awarded to fifth year's Students for proficiency in Clinical knowledge. The Freeman Scholarship, of about £30, is awarded annually to Senior Students for proficiency in Obstetric Medicine. The Murray Medal and Scholarship is awarded every third year. Class Prizes are also given.

The Tutors superintend and assist the Students in their studies without extra fee, and thus the necessity of obtaining private instruction away from the Medical School is obviated.

The General Fee for the curriculum required by the Royal Colleges of Physicians and Surgeons and the Society of Apothecaries is 135 Guineas; if paid by instalments, 145 Guineas. Fee for Dental Students, 54 Guineas; if paid by instalments, 60 Guineas.

For the subjects for the Entrance Scholarships, and any additional information, apply to the Dean at the Hospital.

THE RESIDENTIAL COLLEGE.

(INSTITUTED 1887.)

GENTLEMEN proposing to study Medicine in London are invited to inspect the Rooms in the above College.

The College overlooks the Hospital Garden, and adjoins the Buildings of the Medical School.

Dr. R. A. YOUNG, B.Sc., is Resident Warden of the College.

For terms and full particulars, apply to

F. CLARE MELHADO,

Secretary of the College.
